3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

To improve our region’s Coordinated Entry Access with additional supportive services for navigation at the access point. The Access navigation will: 1) Recruit, monitor and support centralized low barrier access points into homeless services; 2) Serve as the central point of contact for shelter prioritization; and 3) Manage the referral process for diverting persons who are screened as low vulnerability (through our centralize Diversion Screen) to Prevention or Mainstream Services. This added supportive services will: help improve access for households who are homeless and high vulnerability be prioritized for the limited shelter beds available; help households be diverted from entering the homeless system by assisting with problem solving and connecting them to mainstream resources; help assure our CoC has comprehensive access points for all populations, particularly those least likely to access services; and work with CoC and CES leadership to assure Access is achieving HUD and CoC goals for our regional Coordinated entry system. Additional support for the data quality of the CES assessment and prioritization list, will streamline those who are the most vulnerable into housing faster. This will be accomplished with additional training and technical support to assessment sites, reviewing and improving data quality of current assessments on the priority list, and assisting with program eligibility verification.

2. For each primary project location or structure in the project, enter the number of days from the execution of the grant agreement that each of the following milestones will occur as related to CoC Program funds requested in this project application. If a milestone is not applicable, leave the associated fields blank. If the project has only one location or structure, or no structures, complete only column A. If multiple structures, complete one column for each structure.

Note: To expend funds within statutorily required deadlines, project applicants must be able to begin assistance within 12 months of conditional award. The one exception is for applicants who are conditionally awarded sponsor-based and project-based rental assistance. These conditional award recipients will have 24 months to execute a grant agreement; however, HUD encourages all recipients conditionally awarded funds to begin assistance within 12 months. The estimated schedule should reflect these statutorily required deadlines.

4. Please select the type of SSO project: Coordinated Entry

4a. Will the coordinated entry process funded in part by this grant cover the CoC's entire geographic area? Yes

4b. Will the coordinated entry process funded in part by this grant be easily accessible? Yes

4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

The CoC's coordinated entry has multiply designated Access sites that are promoted on the CoC and Coordinated Entry website. The website explains the CE system, has regional maps, procedures, as well as a current list of all access and assessment sites with contact information. Both sites are linked from homeless services providers, a local homeless coalition, and websites. The CoC has a central access to shelter with a tollfree phone number that is promoted broadly. The CoC has provided training to all shelter staff and would expand this training to other partners including outreach staff and drop-in sites once funded. Additional promotion materials like stickers, flyers, posters, brochures will all be used to provide information on this and other aspects of coordinated entry services.

4d. Does the coordinated entry process use a comprehensive, standardized assessment process? Yes

4e. Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services.

The CoC has designated and trained Access Sites who conduct the CoC Diversion/Triage Assessment. Households are either diverted to mainstream, prevention or homeless services (shelter, motel voucher and/or VI-SPDAT Housing Assessment) based on their response. Households who only need a light touch to stabilize are linked to mainstream and community services via a standardized referral process. Households who are low vulnerability and doubled-up or their homelessness can be prevented are given a prevention screen. Households experiencing homelessness or at immediate risk with not other options are assessed using the VI-SPDAT at assessment sites. Access sites include; shelters, Tribes, the VA and Community Action Agencies. Assessment sites include; shelters, Community Actions, the VA, Tribes and mental health providers. The VI-SPDAT and supplemental client choice/eligibility screen triages for the appropriate housing intervention and is added to the central prioritization list. Housing programs request referrals from the CE Systems Specialist who follows the CoC prioritization policy and incorporates client choice to select the households for the program.

4f. If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following five groups: Chronically Homeless, Individuals, Families, Youth, and Persons At Risk of Homelessness? Yes

4g. This Coordinated Entry project will refer persons experiencing homelessness to projects that specifically coordinates and integrates mainstream health, social services, and employment programs to project participants for which they may be eligible?
